

## Rubric for *Can You Record?*

| Scoring Criteria                                       | Score |
|--|-------|
| Student completed the bird.                            |       |
| Student recorded observations.                         |       |
| Student followed directions to complete this activity. |       |

### Scoring Key

- 4 Correct, complete and very detailed (all 12 sections colored correctly). Observations are detailed. Directions followed completely.
- 3 Correct, complete and detailed (9-11 parts of the bird colored correctly). Observations recorded with little help and are easily understood. Directions followed with little help.
- 2 Partially correct, partially complete and lacks some detail (6-8 parts of the bird colored correctly). Recorded observations are not detailed or clearly understood. Directions are followed with a lot of assistance.
- 1 Incorrect or incomplete, needs assistance (5 or less parts of the bird colored correctly). No recorded observations. Directions not followed.
